CLEAN AND SPEED UP YOUR WINDOWS DEVICES

SPEED UP **YOUR COMPUTER**

Speed up your Windows device and free up hard disk space by deleting unnecessary files.

With Panda Cleanup you'll be able to:

- Delete temporary files and clear your browser's history
- Delete cookies (Chrome, Firefox, Edge and Internet Explorer)
- Clean up the Windows registry
- Defragment the hard disk

BOOT **MANAGER**

Enable required programs only and make your PC run faster.

Some programs and applications are configured to run automatically whenever you start your PC. This may slow down your computer.

With Panda Cleanup, you'll be able to see which programs are configured to run at startup and disable them if you don't think they are necessary. Additionally, Panda Cleanup will warn you every time a program installs as part of your computer's startup sequence so you can keep the boot process always optimized.

REGISTRY **CLEANER**

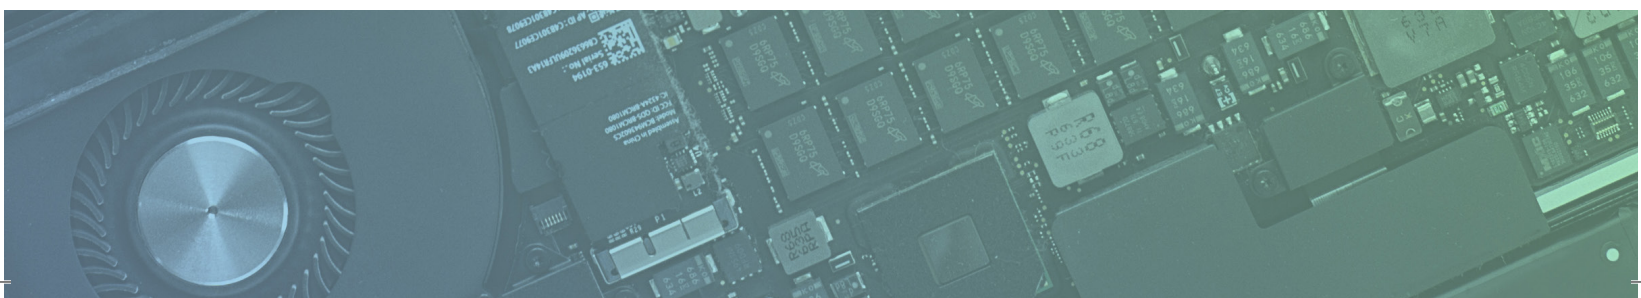

Prevent operating system errors by deleting unnecessary registry keys.

Panda Cleanup will delete any corrupted or unnecessary registry keys that may cause operating system errors.

Clear and delete your browsing history, speed up your device with the best PC cleaner

Compatible with Windows

Panda Cleanup is included in Panda Dome Complete and Panda Dome Premium plans and it can also be acquired as an add-on.
